

SPM WALL PROTECTIONS
AND HANDRAILS

In child care centres, gymnasiums, schools, collective catering and leisure facilities, etc., intensive or repetitive traffic can cause significant premature wear.

These living and work spaces need to be comfortable and fit for purpose; for this reason, Gerflor has created wall protection ranges meeting your needs.

▶ RESPONDING TO ALL YOUR DEMANDS

RESISTANCE

- Tested for scratch and impact resistance

MAINTENANCE

- Easy care and cleaning
- Lower maintenance costs

EASY AND QUICK INSTALLATION

- Suitable for installation by a technician
- Limited installation-related nuisances and disturbances: installation while in use (solvent-free glue, etc.)

LONGER SERVICE LIFE

- Increase building service life
- Avoid repainting and repairing damaged areas

ATTRACTIVE AND DECORATIVE

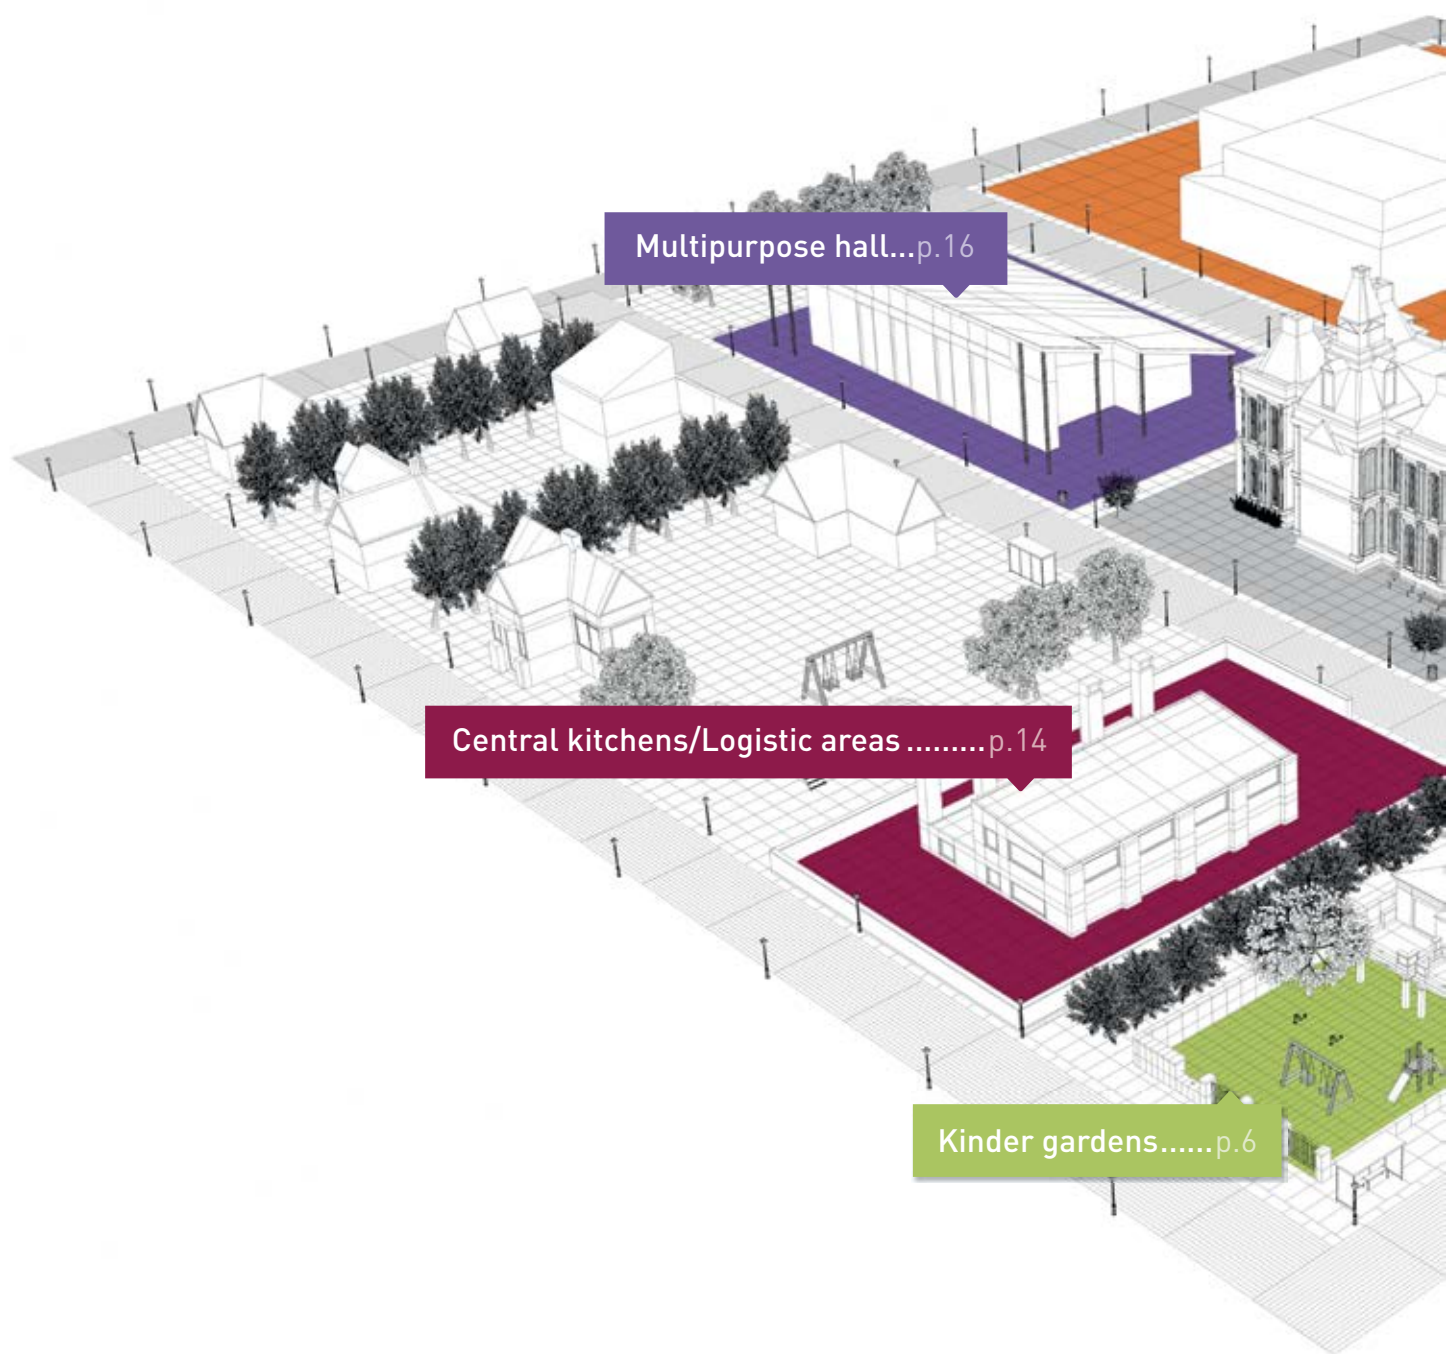

- Wide selection of colours and decorative cut-outs
- Enhancement of buildings through easier maintenance

▶ WE ADDRESS ALL YOUR DEMANDS

* Information about the emission level of volatile substance in inside air, involving a toxic risk by inhalation, on a scale from A+ (very low emissions) to C (high emissions).

KINDER GARDENS

Corridors, early learning rooms, sleeping areas, sanitary arrangements, etc. are all areas which are damaged over time by intensive use by children, friction and impacts caused by furniture and repeated cleaning.

In addition to their protective and safety functions, SPM solutions help create a bright, colourful and fun space for the early childhood sector.

PROTECT AND EMBELLISH

A PALETTE OF 31 COLOURS

Let wall protection play a dynamic role in decoration

Gerflor offers a range of colours, totally redesigned with the help of architects, interior designers, users, etc.

The colour chart extended to 31 colours, from the most sober to the most daring, gives a new identity to interior designs whilst blending perfectly with other decorative elements such as floors, walls, doors, etc.

The range brings together neutral, sober, mineral shades that blend naturally with architectural design and vivid, refreshing, full-bodied and youthful colours.

Tinted greys now appear in the palette to provide subtle, muted ambiances.

NEW

3 exclusive coloured greys for the protection and covering panel Decochoc.

Let Gerflor's wall protection play a dynamic role in the aesthetic appearance of your facility.

Please note

LRV (Light Reflectance Value) measures based on Decochoc panels.

In order to speed up delivery of your orders, we have adapted our colour range in line with our products:

- Most of our products are available in all 31 colours in the range.
- Certain products, however, are only immediately available in 15 colours, with the other 13 colours available on request*.
- The remaining products come in 5 colours with the other 23 colours available on request*.

* with a minimum order quantity
